SQUADRON IS DIVIDED

SOME OF ROJESTVENSKY'S WAR-SHIPS SEEM TO BE NORTH OF KAMRANH BAY.

GREATLY DISTURBS THE JAPS

ALLEGED VIOLATION OF NEUTRALITY BY FRANCE ANGERS THE ISLANDERS.

London, April 19.—The latest news from the far East shows that certainly a portion of the Russian Second Pacific squadron was still coaling at Kamranh bay Saturday morning, April 15. This news was brought to Singapore by the British ship Sul-Sang and to Hongkong by the French steamer Phu-Yen. The former merely reports passing the Russian ships at 11 o'clock in the morning. The Phu-Yen's officers saw twenty vessels coaling in the bay and it is suspected that the remainder of the fleet was inside the harbor.

According to the Daily Mail's correspondent at Singapore the Sul-Sang, which was not molested by the Russians, sighted a big French warship two hours later, fourteen miles to the southward, evidently proceeding to Kamranh bay.

The piecemeal character of the news excludes the possibility of any accurate estimate of the movements of Vice Admiral Rojostvensky's squadron, but it would seem to show that the vice admiral has divided his forces, a portion of which went northward before Saturday. What has happened since then it is impossible to say and there is no clear evidence even that the Russians have been within the three-mile limit, which would bring them, according to international regulations, into infringement of French neutrality.

Japanese sentiment, however, is greatly disturbed. The correspondent at Tokio of the Daily Telegraph says he has no hesitation in declaring that should occasion arise and her preliminary protests be ignored, Japan will regard any anchorage occupied by the Russian fleet as its naval base and deal with the situation accordingly.

A dispatch from Saigon states that a quantity of goods purchased there has been delivered to a portion of the Russian fleet off the coast of Indo-China.

It is impossible to locate Sampaloc point, off which, according to the Manila correspondent of the Daily Mail, sixteen Japanese cruisers and other craft were scouting on Tuesday morning, but the Daily Mail thinks the Japanese fleet was maneuvering to prevent the Russians from entering the Pacific between the Philippine Islands and Formosa.

RUSSIANS CUT CABLE

COMMUNICATION BETWEEN FOO-CHOW AND FORMOSA SEVERED BY SLAVS.

London, April 19.—The Daily Mail's correspondent at Singapore learns that Russian agents have cut the cable between Foochow and Formosa. A dispatch to the Daily Mail dated Manila, April 18, says:

"This morning sixteen Japanese cruisers and torpedo boat destroyers were scouting off Sampaloc point."

Manila, April 19.—Three war vessels were sighted at Batangas at 4 o'clock Wednesday morning. Their nationality is unknown.

MOST SERIOUS DEVELOPMENT.

Alleged Breaches of Neutrality by France So Regarded.

London, April 19.—Japanese diplomats and others in London regard the alleged breaches of neutrality by France in allowing the Russian Second Pacific squadron to remain over time on the Cochinchina coast as one of the most serious developments in the situation. Minister Hayashi and Baron Suematsu, former Japanese minister of the interior, are both disinclined to give a hasty expression of opinion or to anticipate official advice giving the facts as to the period the Russian ships may stay in French waters. Minister Hayashi was particularly reticent and said he preferred to await confirmation of the reports which have appeared to indicate a serious breach of neutrality. Baron Suematsu said that if the reports were true Japan would have good cause to complain. Japan, however, had no intention of picking a quarrel with France, he said, and added:

"Japan is far from coveting Cochinchina, as has been imputed in some quarters. I do not think that France is encouraging the Russian Squadron to misuse French friendship. On the contrary, I believe that France is really anxious to avoid trouble on account of the Pacific squadron. In fact, I think responsible Frenchmen regard the squadron as an unwelcome guest and therefore I am fully convinced that France will manage the matter in such a way as to avoid being compromised."

SENSATIONAL DEBATE

AGENTS OF EQUITABLE LIFE SOCIETY DISCUSSED IN NEW YORK SENATE.

AGENTS HOLD A MEETING

PETITION THE LEGISLATURE TO AMEND THE CHARTER OF THE CONCERN.

Albany, N. Y., April 19.—An all day debate in the senate characterized by charges against the management of the Equitable Life Assurance society, and the return of Superintendent of Insurance Hendricks, who for the first time since the Equitable investigation began talked on that topic with anything approaching freedom, brought the affairs of that corporation into sensational notice during the day. The matter came before the senate in the form of a resolution introduced by Senator Brackett to take from the insurance committee his bill to facilitate policyholders' suits for accountings. Being unable to make a favorable report on this matter Senator Brackett sought a chance to voice his views before putting in his resolution and it was made a special order of debate for the morning. The resolution was defeated by a vote of 36 to 7.

While Superintendent Hendricks declined to forecast when his investigation would be completed, he said the next step, so far as his department is concerned, is to have a report presented to Part I of the supreme court in New York county on Thursday, when an order is returnable requiring the superintendent to show cause why he should not be restrained from taking action.

IN PATTERSON TRIAL

THREE JURORS CHOSEN BEFORE THE COURT ADJOURNS ON THE FIRST DAY.

New York, April 19.—The third trial of Nan Patterson, charged with the murder of "Caesar" Young, the bookmaker, in a cab in this city last summer, was begun in the court of general sessions before Recorder Goff during the day. There were 200 taxpayers in court for selection in the special panel, and three of them had been accepted as jurors when the case was adjourned for the day. The three men are Lovell M. Aldrich, an ice dealer; John H. Splint, merchant, and Julius Goldstone, manufacturer.

The former actress personally directed the selection of the jurors by the defense. A large crowd witnessed the proceedings. Counsel for each side was allowed thirty challenges. Under an order of Recorder Goff there will be no women spectators allowed at the trial.

In the same court earlier in the day, before Judge Foster, District Attorney Jerome charged that J. Morgan Smith and his wife were, by advice of counsel, kept out of the jurisdiction of the New York courts. Mr. Jerome said he would produce the evidence on which he based this allegation if the court desired. The court allowed Mr. Limberger, counsel for the Smiths, until Wednesday to make his reply.

Mr. Limberger then conferred with Nan Patterson's attorneys. He gave District Attorney Jerome a copy of an affidavit he filed Monday with Justice Gaynor, asking the justice to order the district attorney and Mr. Rand, his assistant, to appear Wednesday before him and under oath state just what papers and documents in the Smith case the district attorney's office has gained possession of, whether they still retain such property or whether they have caused it to be destroyed or sent out of their custody and control.

ALL HOPE ABANDONED.

Joseph Jefferson Dying in His Florida Home.

West Palm Beach, Fla., April 19.—Joseph Jefferson's condition remains unchanged, except that he is gradually growing weaker. His trouble is a complication of diseases from which he suffered last summer. His physicians regard his condition as critical in the extreme and it would not be surprising if he should pass away at any moment, yet he may rally and live for days or even weeks. The veteran actor realizes that his end is near and looks forward to it without fear. All hope for his recovery has been abandoned by his family.

For a number of years past Mr. Jefferson and Ex-President Cleveland have spent a week or two of each year together, fishing in Florida. It was on his return from one of these fishing trips that Mr. Jefferson's illness developed.

Guilty of Third Degree Murder.

Elk River, Minn., April 19.—Murder in the third degree is the verdict found against Arthur C. Losee, alias Farmer, on trial for killing Helne Fred Lundeen. The jury was out eight hours. Both Scrawford and Farmer will be sentenced during the day.

On the Amended Charter

of the society. When asked concerning the reports that there is some dissatisfaction because two representatives of the policyholders have not been added to the executive committee in accordance with an alleged agreement, Superintendent Hendricks replied:

"I will answer that question by saying that the charter of the company now requires members of the executive committee to be stockholders of the company. How could policyholders be made members of that committee before the charter has been amended and the amended charter approved, as required by law?"

Speaking of the Equitable society, Senator Brackett said:

"It is now conceded by everyone connected with the nasty mess that there has been the most extravagant waste of corporation money. The corporation is under the same control now."

"The scene has so far shifted," declared Mr. Brackett, "that whereas the contest in this company began over the control of its millions, it is likely presently to take the form of a race to see who can keep out of state's prison."

Other senators took part in the discussion.

AGENTS ADOPT RESOLUTIONS.

Ask Legislature to Amend Equitable Society's Charter.

New York, April 19.—After a session at the Hotel Savoy lasting for nearly six hours, aside from short recesses, the 200 odd managing agents of the Equitable Life Assurance society from all over the United States adopted resolutions asking the New York state legislature to "exercise its plenary power by enacting an amendment to the society's charter," this amendment to give the policyholders admission to the directorate of the society.

The resolutions also provide that a committee consisting of one manager for every state in the Union, and one from Canada, together with all the managers in New York city, should be named to visit Governor Higgins and Superintendent of Insurance Hendricks and secure their assistance in getting the legislature to act in the matter. This committee representing the whole country will be designated before the agents finally adjourn.

The day's sessions were replete with developments. Several sets of resolutions were adopted. President Alexander made a brief speech. Vice President Hyde followed him and in the course of his remarks referred to the sale by Second Vice President Tarbell of the latter's interest in the renewal account to the company, which brought forth a sharp retort from Mr. Tarbell. Then all three officers left the meeting and the agents devoted their time to discussion behind closed doors.

PRISONS FULL TO OVERFLOWING.

St. Petersburg Police Arrest Workingmen and "Intellectuals."

St. Petersburg, April 19.—The police are making numerous arrests of workingmen and "intellectuals," and the prisons are now full to overflowing. In former years those arrested before May day were chiefly "intellectuals," but this year the workingmen are taking such a prominent part in agitation and disturbances that they form a majority of those arrested. Practically all the delegates to the Schildovsky commission, which was created in February last to investigate the causes of discontent among the working classes, are in custody. Demonstrations and small riots are of almost daily occurrence.

Mounted police during the day attempted to suppress a demonstration of employees of the Putiloff iron works after they had attended the funeral of a victim of a crane accident. A conflict ensued, the workmen firing revolvers and the police using the flats of their swords. Many were injured and arrested.

Of Interest to Bicycle Riders

It looks now as though the enthusiasm of the bicycle riders is about to be restored in Brainerd as well as elsewhere; the records from all over the country showing increased sales and riders. A. L. Hoffman & Co., sold six wheels last Saturday. We are sure of good paths this year as R. D. King will act as superintendent and all riders know that he built the only good paths we ever had in the city. Reports from other cities are that the old riders are rummaging their attics and sheds and polishing up their old wheels to get ready for the finest recreation on earth. If you will dig up your old wheel and telephone to Hoffman, he will send for it, fix it up and return it charging you as moderate a price as first class work will admit of.

The bicycle license tags have arrived and will be on sale at the usual places. The price will be 50 cts. each, and work will commence on the paths at once.

A. L. Hoffman & Co., handle the old reliable lines. The Columbia, Rambler, Imperial, White Flyers and Bander. Prices range from fifteen to one hundred dollars, for cash or on easy monthly payments.

If you do not own a wheel, Hoffman will rent you a first class Chainless Bicycle, at as low a rate as charged by other places for old skates.

FROM ROOSEVELT'S CAMP.

Courier Chapman Arrives at Newcastle With a Bearskin.

Glenwood Springs, Colo., April 19.—The first word from President Roosevelt's hunting camp on the Charley Penny ranch, twenty-three miles southwest of Newcastle, reached Secretary Loeb shortly after 6 p. m. He was notified by telephone that Elmer Chapman, the courier selected to bear messages between the president and his secretary, had arrived at Newcastle during the afternoon and would take the 9:30 o'clock train over the Colorado Midland for Glenwood Springs. Chapman was appointed to the post of courier because of the fact that he is famed for his reticence. It is known that a messenger from the president's camp would have to run the gauntlet of a dozen or more correspondents who had taken headquarters at Newcastle.

When Chapman was sighted riding horseback across the bridge to the city, the correspondents went out to meet him. He proved worthy of his post and said that if information was wanted of the hunt, the correspondents must get it from Mr. Loeb. This did not prevent the correspondents from learning that the president's hunt had been successful, however, for strapped across Chapman's saddle was a fresh bearskin which was being taken to Glenwood Springs. Chapman admitted that this pel was the only one that had been taken, but he would not say the animal had been brought down by the president's gun.

The president's party has not removed its camp from the place where first located.

Secretary Loeb will accompany Chapman to Newcastle and together they will ride to the camp. Secretary Loeb has a number of matters to lay before the president.

Secretary Loeb, at the request of the president, decided the story of the bear hunt should be told in an official statement, which follows in part:

Early Monday afternoon the dogs tracked a big black male bear. He was so big that he would not tree, but make a walking fight, killing one dog and crippling or wounding half a dozen others. By hard scrambling up the mountain side the president got near enough to shoot him. Chapman brought the hide with him and left it at a local taxidermist to be mounted.

My Pine River Critic

EDITOR DISPATCH:

Dear Sir—In the interests of fair play I ask space for a word in reply to the editor of the Pine River paper. This gentleman (?) assumed the role of censor of my responsibilities as a citizen, and challenged my right to inform the governor concerning the intended exhibition of so-called athletic entertainment, which was to have been given in this city. In pursuance of his right to criticize my action he sends to the liquor paper of the state, known as "Both Sides"—which is a very one sided sheet—a statement, that I and Mr. Michael gave the governor the information which stopped—not an athletic exhibition, but a statutory forbidden pugilistic slugging for money. I wish to inform my censor that neither Mr. Michael nor myself had anything to do with informing the governor—nor do we know who did. So the abuse of Mr. Michael was shooting at the clouds, and the repetition of the vituperation, I am so accustomed to from that source, was wide of the mark. I confess that I am capable of committing the unparalleled crime against American liberty and ministerial propriety—according to my Pine River critic and his ilk—but in this instance I was guiltless. I would like to shake hands with the man who did this, or perhaps it was a woman—for I have often found American women with a greater sense of civic morals and showing finer American courage than many American men—I would like to shake hands with this citizen of Brainerd whose appeal to the governor prevented the brutish exhibition of lawlessness in this city. Allow me to suggest to my critic that citizens who neither get drunk, attend faro night seances, do not patronize dives, and who still believe that a Sunday free from professional sports for gate receipts have, at least, equal right to express their convictions, claim the protection of the law, and to seek by all legitimate means to maintain civic order and social purity and peace, as those, whom, like my critic, stand for the vices named as their rights. Moreover it might be well for the Pine River gentleman to consider that abusing an opponent is poor proof of the righteousness of one's cause, and, that, after all, the citizens who stand for civic righteousness and the "square deal" are in the majority and ultimately will carry the day for the permanent welfare of our beloved country. Good bye my friend, perhaps you will hear from me again some day. And I assure you, and all of your kind, that when I have to fight you you will find me in the open and there to kill.

Brainerd People Cannot Fail To Appreciate Its Value.

Only one weapon. To fight backache. The weapon that strikes the cause. Doan's Kidney Pills strikes the root. Their work in Brainerd proves it. You read of cures made years ago. And the cures were lasting cures. Read the following:

Philip O'Neil, of 516 Norwood St., Brainerd, Minn., says:

"Brainerd people have seen in the local papers the testimonial I gave in 1898, recommending Doan's Kidney Pills, and many times I have been called upon to corroborate that statement in personal interviews. My confidence in Doan's Kidney Pills has not been lessened during the past six years. It has shown itself equal to all the claims made for it. I was a sufferer for a long time from backache and pains in the loins. The kidney secretions were too frequent and much discolored. The trouble became worse and worse and nothing helped it until I got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store. I used this remedy faithfully until the annoyance from the kidney secretions ceased and the pains and backache disappeared. The cure then effected has been most gratifying and altogether permanent."

ARTHUR FOGELSTROM DEAD

Son of ex-Alderman P. G. Fogelstrom Died Yesterday at Oakland, Neb., Where He Has Resided for Some Time.

A telegram was received this morning by ex-Alderman Fogelstrom that his son, Arthur Fogelstrom, died yesterday at Oakland, Neb., where the young man had made his home for some time and where he was employed in the office of the Oakland News. Young Fogelstrom was 21 years of age and was raised in this city. He worked at printer's trade in THE DISPATCH office and about two or three years ago went to Nebraska where he secured a good position.

The particulars of the death were not disclosed in the telegram. The remains will be brought to this city for burial.

Michael's Display of Lilies.

Mr. H. F. Michael, of the H. F. Michael Company dry goods emporium, is perhaps one of the most wide awake and thoroughly consistent advertisers in the city. Just at this time his ingenuity has his store filled with beautiful Easter lilies. They are the real thing plants and an idea of the cost of such a decoration can be gained from the fact that the lilies from the plants cost 25 cents apiece at this time of the year and Mr. Michael has 118 bulbs on his plants. The flowers are artistically arranged on the interior of the store and the ladies are charmed and delighted.

A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. H. P. Dunn & Co. mwfwlm

Nervous Dyspepsia

A Disease that Robs You of Every Pleasure in Life—Hungry and Can't Eat—Makes You Nervous, Morose, Irritable and Despondent.

DR. A. W. CHASE'S NERVE PILLS

Overwork the stomach, or subject it to the depressing influence of worry, care or constant excitement, and it gives out. Ask it to digest anything, everything, at any time, and in half the time required, and, like an overdriven horse, it balks. The reason for this lies in the close nerve relationship between the brain and stomach, and the fact that the irritation of either organ means the distress of the other. Nature intended the stomach should have regular hours—a time to work, a time to rest—and when you break up this habit you upset the whole arrangement. The stomach nerves become exhausted, the glands refuse to act, the food does not digest—lies heavy, ferments and repeats. There is pain, gas, bloating, occurs, the heart becomes irregular and a nervous, irritable feeling sets in. This is nervous dyspepsia and Dr. A. W. Chase's Nerve Pills its cure.

Mrs. James H. Titus, of 710, Clinton St., Warren, Pa., says:

"Dr. A. W. Chase's Nerve Pills are just splendid. My stomach bothered me for twelve years—food digesting slowly—heavy after eating. I was fearfully dizzy by spells and very nervous. I tried everything—other medicines, doctors, anything I was told to, but the Nerve Pills I got settled all this. They cured me. I feel well in every way today—no weakness or dizziness, and digestion splendid. I have and will continue to recommend them strongly, as I believe the medicine to be unequalled in its ability to cure such troubles, as it certainly acted like magic with me." 50 cents a box at dealers, or Dr. A. W. Chase Medicine Co., N. Y. Portrait and signature of A. W. Chase, M. D., on every package.

Drunkenness A Terrible Disease

In every large city the mission superintendents are brought closely into contact with the terrible results of drunkenness, and realize what a fearful curse it is to humanity. W. C. McMichael, superintendent of the People's Mission in Washington, says: "I am superintendent of the People's Mission, a recognized Christian organization that is doing a world of good. One of our people who had been drinking a pint of whiskey a day for a great many of years was put on Orrine, and I am happy to say that a cure was effected within ten days from the time the first dose was given, and he is now restored to perfect sobriety. I have no way to thank you for the valuable specific for this terrible disease, drunkenness."

Orrine No. 1 is given secretly in any food or drink, while No. 2 is for those who are willing to be cured. Either form is \$1 per package. Orrine is a guaranteed cure for the liquor habit, and is sold and recommended by H. P. Dunn & Co., Central Drug Store, National Bank Building Brainerd, Minn.

Insanity, Death or Health?

No. 2807 Locust Street, St. Louis, Mo., March 29, 1903.

I was a victim of sleeplessness and extreme nervousness for eighteen months, unable to get a proper night's rest and feeling tired and worn out continually. I was easily irritated and hysterical at the slightest provocation, but Wine of Cardui gave me great relief. Within a week after I began using it I had my first real good night's rest that I had had for months. My appetite was soon restored, my general system toned up and nervousness became a thing of the past.

I am so pleased to acknowledge the great curative merit of your health giving medicine and gladly endorse it.

WINE of CARDUI

We want to call your attention to the complete and immediate relief Mrs. Best secured by taking Wine of Cardui. Within a week after she began taking Wine of Cardui, Mrs. Best had her first good night's rest for eighteen months. Her restlessness was caused by nervousness and Wine of Cardui, as the best menstrual regulator, has no superior in the world as a medicine to soothe a woman's nerves. Nervousness and hysteria are warnings of the approach of insanity and if relief is not secured the end can only be the asylum or the grave. With such an outlook as this before her, no suffering woman can reasonably refuse to give Wine of Cardui a trial. It brings a cure that thousands of women have sought for in vain. Will you secure a bottle of Wine of Cardui today and start treatment?

I was a sufferer for a long time from backache and pains in the loins. The kidney secretions were too frequent and much discolored. The trouble became worse and worse and nothing helped it until I got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store. I used this remedy faithfully until the annoyance from the kidney secretions ceased and the pains and backache disappeared. The cure then effected has been most gratifying and altogether permanent."

ARTHUR FOGELSTROM DEAD

Son of ex-Alderman P. G. Fogelstrom Died Yesterday at Oakland, Neb., Where He Has Resided for Some Time.

A telegram was received this morning by ex-Alderman Fogelstrom that his son, Arthur Fogelstrom, died yesterday at Oakland, Neb., where the young man had made his home for some time and where he was employed in the office of the Oakland News. Young Fogelstrom was 21 years of age and was raised in this city. He worked at printer's trade in THE DISPATCH office and about two or three years ago went to Nebraska where he secured a good position.

The particulars of the death were not disclosed in the telegram. The remains will be brought to this city for burial.

Michael's Display of Lilies.

Mr. H. F. Michael, of the H. F. Michael Company dry goods emporium, is perhaps one of the most wide awake and thoroughly consistent advertisers in the city. Just at this time his ingenuity has been brought into play and he has his store filled with beautiful Easter lilies. They are the real thing plants and an idea of the cost of such a decoration can be gained from the fact that the lilies from the plants cost 25 cents apiece at this time of the year and Mr. Michael has 118 bulbs on his plants. The flowers are artistically arranged on the interior of the store and the ladies are charmed and delighted.

A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. H. P. Dunn & Co. mwfwm

Nervous Dyspepsia

A Disease that Robs You of Every Pleasure in Life—Hungry and Can't Eat—Makes You Nervous, Morose, Irritable and Despondent.

DR. A. W. CHASE'S NERVE PILLS

Overwork the stomach, or subject it to the depressing influence of worry, care or constant excitement, and it gives out. Ask it to digest anything, everything, at any time, and in half the time required, and, like an overdriven horse, it balks. The reason for this lies in the close nerve relationship between the brain and stomach, and the fact that the irritation of either organ means the distress of the other. Nature intended the stomach should have regular hours—a time to work, a time to rest—and when you break up this habit you upset the whole arrangement. The stomach nerves become exhausted, the glands refuse to act, the food does not digest—lies heavy, ferments and repeats. There is pain, gas forms, bloating occurs, the heart becomes irregular and a nervous, irritable feeling sets in. This is nervous dyspepsia and Dr. A. W. Chase's Nerve Pills its cure.

Mrs. James H. Titus, of 710, Clinton St., Warren, Pa., says: "Dr. A. W. Chase's Nerve Pills are just splendid. My stomach bothered me for twelve years—food digesting slowly—heavy after eating. I was fearfully dizzy by spells and very nervous. I tried everything—other medicines, doctors, anything I was told to, but the Nerve Pills I got settled all this. They cured me. I feel well in every way today—no weakness or dizziness, and digestion splendid. I have and will continue to recommend them strongly, as I believe the medicine to be unequalled in its ability to cure such troubles, as it certainly acted like magic with me." 50 cents a box at dealers, or Dr. A. W. Chase Medicine Co., N. Y. Portrait and signature of A. W. Chase, M. D., on every package.

Drunkenness A Terrible Disease

In every large city the mission superintendents are brought closely into contact with the terrible results of drunkenness, and realize what a fearful curse it is to humanity. W. C. McMichael, superintendent of the People's Mission in Washington, says: "I am superintendent of the People's Mission, a recognized Christian organization that is doing a world of good. One of our people who had been drinking a pint of whiskey a day for a great many of years was put on Orrine, and I am happy to say that a cure was effected within ten days from the time the first dose was given, and he is now restored to perfect sobriety. I have no way to thank you for the valuable specific for this terrible disease, drunkenness."

Orrine No. 1 is given secretly in any food or drink, while No. 2 is for those who are willing to be cured. Either form is \$1 per package. Orrine is a guaranteed cure for the liquor habit, and is sold and recommended by H. P. Dunn & Co., Central Drug Store, National Bank Building Brainerd, Minn.

Insanity, Death or Health?

No. 237 Locust Street, St. Louis, Mo., March 29, 1903.

I was a victim of sleeplessness and extreme nervousness for eighteen months, unable to get a proper night's rest and feeling tired and worn out continually. I was easily irritated and hysterical at the slightest provocation, but Wine of Cardui gave me great relief. Within a week after I began using it I had my first real good night's rest that I had had for months. My appetite was soon restored, my general system toned up and nervousness became a thing of the past.

I am so pleased to acknowledge the great curative merit of your health giving medicine and gladly endorse it.

Harriet O. Best
CHAIRMAN, LADIES OF HONOR, No. 97.

WINE of CARDUI

We want to call your attention to the complete and immediate relief Mrs. Best secured by taking Wine of Cardui. Within a week after she began taking Wine of Cardui, Mrs. Best had her first good night's rest for eighteen months. Her restlessness was caused by nervousness and Wine of Cardui, as the best menstrual regulator, has no superior in the world as a medicine to soothe a woman's nerves. Nervousness and hysteria are warnings of the approach of insanity and if relief is not secured the end can only be the asylum or the grave. With such an outlook as this before her, no suffering woman can reasonably refuse to give Wine of Cardui a trial. It brings a cure that thousands of women have sought for in vain. Will you secure a bottle of Wine of Cardui today and start treatment?

TWO ACCIDENTS END FATALLY

BODY WAS HORRIBLY MANGLED

Young Man Named Ed Snow, of
Pillager, Was Killed Yesterday Afternoon.

James Doe, a man about thirty-five years of age, was killed about five miles this side of Walker yesterday afternoon on the way freight headed for Brainerd. Doe is thought to have been stealing a ride and fell off and was hurled beneath the wheels.

Conductor Moerke was in charge of the train and as soon as the accident happened he stopped the train and the mangled body of the man was picked up and taken back to Walker where Coroner Wilcox was notified.

There were two men with Doe at Walker before the way freight came along and as he was thought to have some money it was believed at first that his pals might have robbed him and then threw him off the train. The sheriff of Cass county wired the conductor to get these two men if possible, and they were taken off at Hackensack, but the sheriff wired later to release them. Little is known of Doe around Walker and there was nothing on his person that would lead to the whereabouts of his relatives.

There was another fatality at Pillager yesterday afternoon when a young man by the name of Ed Snow was instantly killed by being thrown from a sulky by a vicious broncho.

Snow was taking a young lady home from Pillager and they had a small two wheeled gig or sulky. The broncho became unmanageable about a mile out of the city and commenced to kick and buck. Snow's legs got caught in the wheels and he was thrown violently against a tree, striking his head, and he was killed instantly. The girl was not hurt at all.

MUSIC AND DRAMA.

MAHARA'S MINSTRELS TONIGHT.

Tonight Frank Mahara's big minstrel carnival is announced for the attraction at the Brainerd opera house. Manager Frank Mahara has always given a good show and this time he promises more than ever. This season Mahara's Minstrels carry six novelty acts, besides the funny comedians, singers and clever dancers. This season the company is headed by Skinner Harris, who is without a doubt a good colored comedian. Manager Frank Mahara realizes full well that the public soon tires of the same thing over again, therefore his performance this season is entirely different from anything he has had in the past.

DR. CHAS. RUSSELL

Psychic Healer of Minneapolis, Minn.

Heals when doctors and medicines fail and hope is gone
Makes the Lame Walk and the Deaf Hear.

At Walker's Hall

FRIDAY EVENING, APRIL 21st.

Doors open at 7:30, begin at 8.

FREE TO EVERYBODY

All intelligent and thoughtful people will find this a most remarkable exhibition.

Dr. Russell, apart from being a naturally gifted healer, is a graduate of the college of physicians and surgeons class of 1881, Keokuk, Iowa. Attended two terms in the Eclectic Institute of Cincinnati, Ohio; graduate of the Illinois school of Electro Therapeutics, and the Montreal college of Theoretical and applied optics. He has for many years devoted his energies to the study of Magnetic or Psychic healing. He has sought and gained every particle of knowledge regarding it, and his success in this field has been put forth in large space in the Minneapolis papers, where he resides. Psychic or Magnetic healing has been known and practiced from the remotest period of human history and is a true science. It is based upon scientific principles. It is nature's own remedy, and because of this, it is the very science of truth.

AT RICHMOND HALL

A large Audience Witnesses the Most
Remarkable Exhibition of
Modern Times.

Dr. Russell the Man

Richmond hall, corner Nicolet avenue and Eighth street, was crowded to overflowing yesterday afternoon by an audience assembled to witness the healing of the sick by Dr. Russell. What power this man possesses cannot perhaps be easily explained. He performed some marvelous cures in what seemed a perfectly simple way. He cured many persons of deafness, rheumatism, lumbago, stiff joints, aches and pains of years' standing and one lady of paralysis. His work is without ostentation and the marvelous simplicity with which he does the work is truly astonishing. Among the many persons treated the writer noted the following: Mr. Rose, residing at 401 Washington avenue south, had been deaf for six years. After treatment he proved to the audience he could hear perfectly. Mr. Murphy, 911 First avenue north, suffered with a lame and painful back and shoulders for two years. All pain and lameness was removed and Mr. Murphy felt correspondingly happy. Mr. Landstrom, 2425 Tenth avenue south had suffered greatly with an intense and continuous pain over the region of the liver, extending down the right side, also pains in his shoulders. In ten minutes' treatment Mr. Landstrom declared he was free from all pain and laughingly declared that he felt as if he had been made over again. This cure caused a sensation. Miss Smith, 1215 West Thirty-third street, had suffered with deafness and throat trouble for sixteen years. After treatment she heard perfectly. Martin Nelson, lumbago and sciatic rheumatism, walked lame with a stick, but, after treatment, paraded around the hall feeling like a new man. He said he resided at the corner of Forty-seventh avenue and Fourth street. Another sensation was caused by a cure of paralysis of the left arm of a lady by the name of Mrs. Parker, residing at 1107 Sixth street south. This lady had been a sufferer for two years.

Those desiring private consultation and treatment will find Dr. Russell at the **Accommodated Hotel** where he will remain until all who require his services are accommodated. Consultation is free. But be sure and attend his free lectures and demonstrations at Walker Hall.

AFFAIRS OF THE NORTHERN SECURITIES COMPANY ABOUT
TO BE WOUND UP.

GIVE CONSENT TO THE PLAN

MAJORITY OF STOCKHOLDERS FAVOR THE PROPOSED METHOD OF DISTRIBUTION.

Trenton, N. J., April 19.—The Northern Securities company has filed with the secretary of state articles providing for the reduction of its capital stock from \$395,400,000 to \$3,954,000. The new capital is just 1 per cent of the original outstanding capital. Accompanying the papers and as a part thereof is a resolution of the board of directors of the company providing for the reduction of the capital stock and the giving to the stockholders stock of the Northern Pacific and Great Northern company in return for the surrender of 99 per cent of their holdings of the stock of the Northern Securities company. It is provided for each share of stock of the Northern Securities company of the par value of \$100 each the stockholders shall receive stock of the Northern Pacific railroad of the par value of \$39.27 and stock of the Great Northern railroad of the par value of \$30.17.

This is really the final distribution that was attacked in the courts by E. H. Harriman, the suit finally terminating in a victory for J. J. Hill and the interests which he represented.

The New Jersey corporation laws provide that increase or decrease of capital stock must have the consent of the holders of two-thirds of the company's outstanding stock. Accompanying the certificate filed is the consent of the holders of stock aggregating \$294,474,000.

THE FIRST SHOT IS FIRED.

Use of Firearms in Chicago Strike Is Begun.

Chicago, April 19.—The first shooting and the most serious assault since the commencement of the Montgomery Ward & Co. strike occurred late in the afternoon at Van Buren and Sherman streets. Charles Ocker, a nonunion teamster, was leaving the Atlantic hotel when he was attacked by a union picket. Ocker drew a revolver and fired twice at his assailant and although he was but a few feet from the man both bullets went wide.

No Knife Needed

Piles can be cured by internal treatment. To get at the cause—that is the secret, and that is why Dr. Perrin's Pile Specific is so universally successful in its results. It increases the flow of digestive juices in the stomach—accelerates the action of the liver. With congestion of the liver removed and constipation relieved, the two chief and distinct causes of piles are reached and conquered.

Dr. Perrin's Pile Specific The Internal Remedy

For dyspepsia, indigestion, constipation, biliousness, catarrh of the stomach and kindred ailments it is the greatest remedy that has ever yet benefited mankind.

Certain in its results, this remedy will cure the most obstinate case of Piles.

and one of them struck Walter Klager, a teamster who was unloading a wagon half a square away. Ocker was arrested. Klager's wound was not dangerous.

Shortly after this trouble was over Joseph O'Reilly of St. Louis, who was walking on Van Buren street near the scene of the shooting, was attacked by union teamsters and beaten into insensibility. It was believed by the teamsters that he had been working for Montgomery Ward & Co., but O'Reilly said he had not been working for the firm, had no intention of doing so and until he was attacked knew nothing about the strike.

Montgomery Ward & Co. experienced less difficulty during the day in delivering goods than at any time since the commencement of the strike. Nearly all of their wagons made trips to the freight depots under police escort and none of them was molested.

The deadlock between the employers and teamsters continues and there is no indication of a termination of the strike. The officers of the teamsters say that they have no intention of spreading the strike.

RIFLE BRIGADE IS FORMED.

Business Men of Hibbing, Minn., to Assist in Preserving Order.

Duluth, April 19.—Sheriff William Bates of St. Louis county expresses the opinion that the end of the miners' strike on the Mesabi range is in sight. The business men of Hibbing have organized a rifle brigade of 100 men to assist the sheriff in preserving order, and the members will serve under him in time of emergency. An agitator named Elias Stark was arrested at Hibbing for the use of inflammatory talk, but was released later upon his promise to quit the town.

The strikers visited the Shavano mine, near Chisholm, with a view of driving out the miners there, but they were driven off with rifles in the hands of a small company of men under Mine Superintendent Peacock.

Bloodshed has been narrowly averted several times since the first day of the strike a week ago Monday, when two strikers were killed in the Burt mine. The Austrian and Italian miners are disposed to go to work again, but the Finns are still opposed to it unless their terms are allowed by the mining companies.

GAS BUOY EXPLODES.

One Man Killed and Four Others Badly Injured.

Kingston, Ont., April 19.—A gas buoy in process of filling on board the government steamer Scout exploded during the day, killing one and injuring four of her crew. Two of the injured, including Captain Allison, will die.

The force of the explosion smashed the windows in shops and factories in the vicinity of the drydocks.

IN THE LAND FRAUD CASES.

Senator Mitchell Trying to Sustain His Plea of Abatement.

Portland, Ore., April 19.—In the United States district court during the day United States Senator Mitchell, through his attorney, Mr. Bennett, endeavored to sustain the regularity of the proceedings relating to the introduction of his plea in abatement in connection with his indictment in the land fraud cases.

Bennett contended for the right to file the plea in abatement in the federal court and argued that if it raises a question of fact the defendant is entitled to a trial thereof by a jury; that if it does not raise a question of fact then the issues must be decided by the courts.

Judge Bellinger indicated by frequent interruptions that a plea in abatement is merely for a permit to challenge the grand jury, where there has been no opportunity and said the question becomes of added importance by reason of the fact that the case could not be tried on its merits, if the separate pleas in abatement are to be given a jury trial.

The argument proceeded upon the merits of the plea in abatement.

TO TEST ANTI-TRUST LAW.

Montana's Attorney General Files Complaint Against Packers.

Helena, Mont., April 19.—Attorney General Galen during the day filed complaint in the name of the state of Montana against the Cudahy Packing company, Swift & Co., Hammond Packing company of Chicago, the Hammond Packing company of Pueblo, Colo., and the Armour Packing company. The attorney general summoned them to appear before the district court of the First judicial district of the state of Montana April 25, to answer a charge against the packing companies with wilfully, lawlessly and feloniously combining and unlawfully fixing the price of certain articles of commerce and consumption, including meat of all kinds and meat products. The attorney general expressed it as his purpose to thoroughly test the state's anti-trust law.

BODY OF JOHN PAUL JONES.

Will Be Brought to the United States on a Warship.

Paris, April 19.—The state department has advised Ambassador Porter that an American squadron will be sent to take the body of John Paul Jones to the United States, probably in June. It is expected that the French government will participate in the imposing funeral pageant when the body leaves Paris. Detailed plans have not yet been made, but it probably will occur shortly before the French national holiday, July 14. Large forces of French soldiers and sailors will form the escort.

London, April 19.—The correspondent at Jibuti (on the Gulf of Aden) of the Daily Mail, learns that some ships of the main Russian fleet joined the Third Pacific squadron near Sokotra and thence proceeded for Diego Garcia, where they will await the Fourth Pacific squadron.

BLOWN UP BY MINES.

Two Junk's Said to Have Been Destroyed Near Chusan.

London, April 19.—A dispatch from Shanghai to the Morning Post says: Two junks have been blown up by mines south of Shanghai. The appearance of mines south of Shanghai is causing great apprehension for the safety of European mail steamers.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution as assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, O. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution as assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & Co., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.
